End of Year Message

Dear Parents/Guardians,

As we approach the end of the 2008-09 academic year I wish to express my appreciation to our faculty and staff for their continued outstanding work on behalf of BASCS and its students. I hope everyone will find time during the coming summer to enjoy themselves and spend quality time with friends and family

Much has been accomplished this school year such as more technology integration, reading recovery program, NJASK preparation, Science Olympiad, Science Fair, Concerts, Arts Shows, Annie Show, and many parental activities. All classes are equipped with wireless connection and projectors. The online test center has been used effectively by students and instant online reports were provided to parents. Our focus this school year has been on literacy. We continue to strive for that all students read on grade level by the end of the year. At BASCS teachers are working hard to ensure that all students are receiving the best quality education. Always when parents, staff, and community work in partnership much can be accomplished and the best possible education is provided.

I would like to take a moment to inform you about some of the important announcements for coming year.

1. BASCS new dress code for 2009-2010 academic year will be announced at the beginning of August. Please do not purchase school uniforms until new codes are posted on the

school web site. Also, please be noted that regardless of the new changes students can still use their current uniforms for the following years.

2. BASCS school supply list for 2009-2010 will be posted on the school web site before end of the year. For questions regarding the school supply list please contact Ms. Palacios ay ext. 107 or spalacios@bergencharter.org
3. Please be noted that during summer time school office will be closed until August the 3rd. Office will be re-opened on August 3 -21 between 9am-3pm.
4. Please expect to get a detailed letter regarding 2009-2010 student orientation at the first week of August.

Summer is the traditional time in education for people to re-energize, renew themselves, and to prepare for a new year devoted to helping students achieve their goals and reach their full potential. With this in mind, I wish each of you a productive and personally fulfilling summer.
