Halloween Parade! by Taina Masso

Halloween is coming soon! You should start getting your costume ready. We are going to have a costume parade in school. All grades will participate. When you are passing parents will be there too. You see all kinds of costumes; scary ones, cute ones, and pretty ones. You also see teacher's costumes. Teacher's costumes are the best. You sometimes can't recognize them. Teacher's have cute costumes too. The Halloween parade is a fun day in school!!!!!!!!!!!!

What's wrong with your locker?! by Isabella Jiminez

Do you have problems with YOUR locker? Well BASCS has a solution! We went to different clubs and asked students just like you about their lockers. One of our questions was "if you saw your friend's locker a total mess what WOULD YOU DO?" Tatiana Mitchell in 6B says "I would help them clean it after school." Great idea! Try to be the "best" friend and help them out, clean, and throw unwanted papers out. On the other hand another student John Philip in 7A says, "I would just leave them alone!" another great way to help is by trying to keep your locker closed at all times and do not leave papers everywhere on the floor.

Use the following steps to help your locker!

- Be considerate; keep papers off the floor (someone could get hurt!)
- Don't put pencils inside your lock!
- Throw away unwanted papers and try to organize your folder
- Decorate! Try to buy mirrors, mini marker boards and shelves! (Be creative!)

Bullying by Dana Pantoja

Bullying is when you are not being nice to someone or something (animals) I think bullying is the worst thing ever and I don't think anyone should go through it. Bulling is when you are putting someone down or hurting them physically and emotionally.

If you see bullying then you should not get into it because then you might start a fight and it will be you and the bully that will get in trouble. I think you should just go to the principal or a teacher and tell them what is going on. I think that is a way that you can stop bullying. I think another way could be that you can come up to the person that is being bullied and you can make up an excuse saying for example "hey your dad is there waiting to pick you up so you can go to" I think that is another way to stop someone from getting bullied.

You can just go up to them and say "I'm very sorry I hope you forgive me" You should just tell them "I won't do this anymore." These are ways to say sorry to a person and ways to stop someone from getting bullied. And what I think bulling means. Thank you again for reading.

POINTS OF INTEREST:

- FUN IN THE FALL
- MOVIE REVIEW
- TEAMWORK

Fall by: Arly Duran

FALL is here. The leaves are changing colors like red, orange and yellow. Those leaves fall to the ground and they get dried up and when you step on it breaks into little pieces. With the leaves you could make art works and hang it in your door in your wall. The leaves are nice because when summer is over it turns to fall and all the pretty leaves started falling to the ground and the trees are lonely. The weather in fall is changing colder and colder. In fall the weather is windy cold and raining. Some of these days the sun comes out and shines bright in the day and evening. The weather is nice and sometimes cold or wet. Apple picking is one of the things that happen in the fall time. Some people go picking for good apples. Fall is one of the best seasons!

Movie Review by: Isabella Jiminez

This week we are reviewing the movie “*Monsters vs. Aliens!*”. In this movie aliens attack America and it’s up to the monsters the missing link, B.O.B, Ginormica (Suzan), and Insectosorus to save the day! We asked students what they thought! One of our questions were ‘If you were one of the characters you would you be?’ Shawn Rawls in 5B says ‘I would be B.O.B because he’s exciting!’ That’s great! Also in our movie review we learned that the movie came out March 24th 2009. It grossed about \$16.7 million dollars! That’s a lot! Our cast includes: Reese Witherspoon as Suzan, Seth Rogan as B.O.B, Hugh Lurie as Dr. Cockroach PHD, Will Arnet as the missing link and many others. This movie has great features like “*B.O.B’S BIG BREAK*” and bloopers. It is highly recommended!

The Importance of Teamwork by: Isabella Jiminez

Teamwork means to me that when I’m in a group I should always work as a team and be fair with my classmates. When I’m in a group I should be polite and nice to one another. Teamwork also means to work together and share the responsibilities. If our project was to make a diagram, research, and, draw a picture I should share it with my classmates and let everyone have a turn at everything and help one another.

We can help our friends by giving them a different part in the project. Maybe they feel comfortable doing the research than drawing. We can also talk to them and ask what’s wrong or maybe they would rather do something easier. We should be considerate but if they are not doing the work because they forgot or they simply don’t want to then the person suffers and not the other peers. We should also give the student another group or try to make friends with him/her.

Teamwork is important because without teamwork the world wouldn’t run so smooth. Imagine some construction builders not doing the job right because they don’t know how to work together. Life without teamwork would be AWFUL. The world would not be able to learn to depend on one another or to play together or have fun playing games.
